

Physics and Chemistry
of Advanced Materials
EUROPEAN DOCTORATE

PCAM DOCTORATE SEMINAR SERIES

14
March

Sandro Wieser, TU Graz
**Understanding Mechanisms of Heat
Transport in Metal-Organic Frameworks
using Atomistic Modeling Techniques**

11 April

Jinan Hussein Awadh Alshuhaib,
Universidad Autónoma de Madrid
**Sensitized near-infrared lanthanide
emission in semiconductor
chalcogenide**

9 May

Marco Marino, University of Milan
**Magnetic couplings between organic
molecules and antiferromagnetic
substrates studied by first principles**

13 June

Simas Račkauskas
**ZnO tetrapod synthesis, properties and
applications**

Talks are from 16:15 – 17:00.
